

Is there a hole in your

medical marketing?

How to build a Million
Turn over

Dollar Practice?
to find out

Training

Marketing Your Practice

with one of the world's leading practice development specialists

K-T Training provides a range of business & technical courses for physicians and their staff, focusing on developing the clinic owner and his/her staff leadership skills, sales skills and customer service skills. K-T Group of companies was developed by Yasmin Khan to provide the medical aesthetic community with important resources to ensure your practice is successful and profitable.

"Inefficient management of enquiries, consultations, and complaint issues translate into daily revenue loss of thousands of pounds." Staff training on customer service and aesthetic sales can translate into dramatic revenue increase within weeks.
